**Subject:** La Plata county liason

At our GKM leadership meeting this morning, Shaun announced that the region will assign Cynthia Peterson to be our liason long term. She will return from vacation on Monday and I will discuss this with her. Right now, Nancy Grantham seems to be handling the communications with the county. It appears that there is not a lot of communication for now except for some information about the county sampling. Please stay informed if anything develops on the front with the county and we will get Cynthia involved early next week.

Thanks
